

What About Cats?

There are currently no regulations when it comes to licensing your cat in the City of Haysville.

A few things to keep in mind...

Please be responsible and keep your cat up to date on vaccinations.

Be considerate of your neighborhood and keep your cats from roaming in other people's yards.

If your cat does roam, consider having them spayed or neutered to reduce the number of strays.

You are only permitted to have, in combination with dogs, four pets total.
