

Join us at the Riggs Park Band Shelter for a performance by

Second Nature plays classic party music that's easy to dance to and sing along with. They've been entertaining the Wichita and surrounding area for over eight years and have become a favorite with people who love to party. They create a concert environment with laser lights, smoke machines, audience flood lights, and a large drum riser that can hold more than just the drums. When you come to one of their shows, be ready to dance, sing and maybe even get up and dance on their drum riser and be part of the show. They enjoy interacting with the audience because everyone likes to be "rock-star" once in a while. If they see you singing along, don't be surprised if they jump out into the audience and hold out a mic for you to join in. They play a wide variety of rock music from the 70's to current. You'll hear everything from AC/DC to Katie Perry. Second Nature members are Tricia Bussell on lead vocals, Dee Smith on keyboards/vocals, Rusty Collier on drums/vocals, Bruce Despommier on guitar/vocals and Carlos Cervantes on bass/vocals.

7:00 - 10:00 pm, July 3rd
Bring lawn chairs and blankets!
