

Nuisance Vehicles

All vehicles or means of conveyance, other than a bicycle, should be kept or maintained on an all-weather surface.

COMMON CODE VIOLATIONS

Inoperable Vehicle

A derelict/inoperable vehicle is a vehicle that does not display a current license tag and/or is not equipped with all parts that are required to legally and safely operate on public streets and/or can not be driven under its own power.

Examples are vehicles with flat tires, supported upon jacks, supported with blocks, wrecked, or junked. Derelict/inoperable vehicles cannot be stored except when screened in conformance with the landscaping and fencing code so as to not be visible from any adjoining property and when stored upon an all-weather surface that is accessible from an all-weather surface drive.

Operable vehicles shall be parked on paved driveways or parking areas relating to the garage or carport and on the streets except where specifically prohibited.

Failure to comply may result in Code Enforcement issuing fines.

leak environmentally harmful fuels and lubricants onto/into the ground. (b) Definitions.
