

REFUSE HAULERS

A notarized application is required with a fee of \$150.00 per vehicle per year. The vehicles must have a current inspection from the County Health Department and City Inspection and evidence of current insurance coverage. If the business is located within the city limits, a business registration is also required. A General Receipt is written with the original to the customer and a copy for our records.

A copy of the application, the insurance certificate and inspection sheets are retained. A copy of the receipt can be attached to the copy of the application which will indicate the date, amount paid, and receipt number. These items are filed in the Clerk's office.

The City Attorney reviews the application, then Governmental Services is notified the item is to be placed on the Council Agenda. A notation should be made indicating when Governmental Services is notified.

After Council approval, the license is typed which the City Clerk, and Mayor must sign. The Mayor also signs the original application. The original license and copy of the application are sent to the applicant; the original application, a copy of the license and all other documents received are filed. The new expiration date is noted in the license book.
